September 13, 2018

Mayor Mark Korin
City of Oak Grove
19900 Nightingale Street NW
Oak Grove, MN 55011

Dear Mayor Korin,

I would like to express my thanks, as a taxpayer in this city, for the service you have provided the community. As a taxpayer and a land developer, I appreciate the way you conduct business, taking care of the citizens and always putting the taxpayers first.

Your achievements, reducing the annual budget from almost \$5 million to a little over \$3 million in less than a 6 year time period, is an accomplishment most cities only dream about.

When Met council mandated special zoning requirements to a higher density, against city wishes, you opposed, fought and won. You have always been fair on developments in this town, making sure taxpayers interests are your first priority.

The way you conduct meetings of the council are fast and efficient. You are able to accomplish more in one hour than most mayors/cities do in 3 hours. In fact, your leadership should be used as an example for other municipalities to follow.

Thank you again for being Mayor.

Sincerely,

Kent Roessler
